Dear Reviewers:

Enclosed is your two-volume copy of the final Expanded Site Investigation for the Sauget Sites/Dead Creek project. This final report reflects the comments and revisions as recommended by reviewers of the draft report.

Both volumes are now available to the public in repositories in Sauget and Cahokia. A non-technical fact sheet and open meeting are being planned to inform citizens of the report findings.

Your assistance in this matter has been greatly appreciated.

Sincerely,

A handwritten signature in black ink, appearing to read "Jeff Larson", written over a horizontal line.
